

WANT TO SELL YOUR DIGITAL BOOK OR CD

Hardcopy/hardcover books target people who are willing to pay for a hardcover, just as a paperback books target the public who wish to buy a smaller and softer held version, and at a cheaper price,.... but if no paperback is available, or shipping to an outside country is too high, or not even possible... the last resort is a digital book (pdf book) which targets the audience who:

Has no paperback available to buy, or;

Buyer doesn't want - or - cannot afford to pay \$60 or \$80 dollars for a hardcover book, PLUS shipping costs;

Does not allow sales of your book to EVERY country;

or your book sales have peaked downward.

Why not add a digital book and target a much larger audience world wide, and make more money via a digital secure, pay and download shop? We have such a digital shop installed here at the G/K43 Forum, though it is currently shutoff and unseen.

How would it be done?

If you have the original type book with illustrations in word form or some other document form, I will convert it to a nice looking PDF book, and it would be exclusively sold in digital format HERE at the G/K43 Forum. You could put a link in your signature at every place you go on the Internet or on any webpage.... to your book sale or CD, in our Digital Shop.

Here is an example book in the digital shop ([this is just a mock-up](#)). The shop IS NOT open and nothing is for sale. Buyers would shop, select a book or CD and only be able to access it **after they have paid for it**, it is all automatic through the shop software and Sellers would have access to keep track of sales.

The screenshot displays the G/K43 Digital Shop interface. It features a navigation menu on the left with sections for Categories, My Orders, Payments by (PayPal), and Legal Notes. The main content area is titled 'Welcome to the G/K43 Digital Shop' and contains a welcome message, a list of categories (Manuals, How to?, Firearms on CD, WWII Firearms Books, WWII History Specific), and a 'Chose your product(s) from the categories below' section. The right sidebar includes 'Your Cart' (showing a cart icon and a total of \$24.00), 'Best Seller' (with a placeholder for an image), and 'Just Released' (featuring a book cover for 'Short History of World War II' priced at \$12.95).
